PREVENT & PREPARATION

SAFETY

Safety is our number one priority. We take the safety of our goods and our employees very seriously. At Fortune Cross, we ensure that the product will arrive safely in our customer's hands and that our employees are working in a safe working environment at the regulated standard at the very minimum.

QUALITY

We focus on prevention, not detection of problems.

COST

We ensure that our clients are getting outstanding value at every price point.

Fortune Cross (Thailand).Co.,Ltd was established in 1998 by Mr.Hiroyuki Hara, with a registered capital of 15 million Baht, the company originally began producing shafts for electronic markets such as DVD players and Cassette Tapes, and eventually branched out into the automotive and motorcycle industry. We have gained a lot of customers from our excellent quality and punctual delivery.

Within 10 years, the company has grown from 80 to 450 employees. Our management uses 5S and KIZEN very seriously to innovate and enhance production ability for better effectiveness. Fortune Cross (Thailand) Co.,Ltd has been recognized by customers worldwide in the last 15 years, the quality of our product is our number one priority. We aim to expand our market worldwide both domestically and internationally as well as being known to products the best quality product under the Japanese standard. Our vision is to make our company known worldwide.

SPECIFICATION FOR OUR PRECISION SHAFTING

Diameter: 0.6mm - 20.0mm Length 0.2mm - 1000.0mm

Surface: Ry3

R-Curve - Special Curve

Material: SUS420J2, SUS42F, SUS202, DS250, SUS303, SUS304, SUJ2, S45C, SUS430, ETC...

THE PRODUCTS THAT USE OUR PRECISION SHAFT ARE

1. Motorcycle engines - Transmission gear
2. Cars - Electronic Seat & Wiper Arm
3. Electronic Appliances - DVD
4. Pump Motor
5. Electric Motor AC/DC

Fortune Cross (Thailand) Co., Ltd has established a subsidiary company. Nano Seimitsu Co.,Ltd in 2004. Nano Seimitsu Co.,Ltd aims in trading Products such as Sorting Machines.

PRODUCT AUTOMOTIVE PARTS

MATERIALS

Diameter Size 0.6mm-20.0mm.

Length size 0.2mm-1000.0mm.
